This tool gives us a clear view of each end process of a clear outline This tool helps our team of business analysts understand the requirements and inform our development team.. This helped me a lot in my early days, as I was also a developer, as I now offer more as a system analyst.. I have used this for different projects in my studies Then I joined the software house and used this pocket as a career.. I use it because it provides many functions that meet my requirements, such as flowcharts and flowcharts.
